

Seeing our environment and earth is worst than before, I think everyone needs discipline, throw the garbage properly, don't throw it anywhere.

Its so nice to live in a clean environment. After I watched the video, I feel of afraid so afraid and I don't want to be happened again in the next generation. I have kids and I don't want it to happen to them.

To keep or to protect the earth its only discipline, always clean your environment. Recycle the garbage, plant tree.
