Extrajudicial killing is a harsh way where people are taken their lives by killing them. It is massive. Nowadays, we all know that there are many people dying around the world because of this. We all know that this is a crime which done most of the professional criminals who were hired and killed innocent people. Extrajudicial killing is a crime because we violate the rule of God and so as the rule of the state. Like examples in the line of reporting the news done by our respective reporters because of their expose' they were killed and live alone with bloods on their body. Because of their bottom line, they sacrifice life.
