

## **“How to save the environment”**

AngieBell B. Lumata  
School of Allied Medicine  
Universidad de Zamboanga  
Zamboanga City

Saving the environment starts within ourselves. If you have discipline within yourself all virtues follows. We should learn how to control ourselves on how to treat our environment. And as an individual I should start fixing and cleaning my own things. on the simple way I think I help on saving our environment.
