The criminal of our country will be increasing because they were no longer afraid of doing bad things. it can affect also our economic income, because they cannot export their product in our country. They will always stay at their home to be safety. There's a lot of foreigner will afraid to visit our country because they will afraid that they will be kidnap by the terrorism. If the government cannot solved the problem of killing in our society theirs many people will protect and asking for the justice of people who killed without reason.
