For my understanding about human rights it is defined as those rights which are inherent our nature and without which we cannot live as human being have freedoms in our human qualities, our intelligence some of the people arrested the law enforcement authority because we make crimes. Human rights talks. About human dignity and respect for human rights and human dignity is the foundation of freedom, justice and peace in the world human rights are those rights which we deserve as human beings are necessary to live as a human being human rights have freedom of thought of religion, freedom of speech, freedom of peace, freedom to take part in some government. If your make violation to our government you put in the jail.
