“How to save the Environment”

In order to save our environment, we must first know the essence of beauty. The environment is good to see that everything was fine. We must know the proper way of cleaning our environment. We need to protect the environment in order for us to live well.

In making our environment clean, we must have to know the proper way of cleaning. Like throwing the garbage it should be in a proper place. We should always keep the ground/ surrounding clean and green.
