A place where everyone fits in a place where living things and non-living things can be seen. Where people loves to stay and enjoy their life. Where everyone breathes fresh air and enjoy the gift of nature. That's our mother earth.

Nowadays, our mother earth experiencing a very tremendous problem which everyone wants to solve. One problem which our mother earth encountered is the lost of trees which causes flood, land slide and others to everyone. Nature is not what we inherit from our forefathers it is what we pass on to our children's. if we want to save our mother earth we must phenomena which destroys earth. Saving our mother earth is not difficult to do as long as we have unity and we believe in our self.
