OUR WORLD IS NOW FULL OF CHANGES AND INDUSTRIALIZATION BECAUSE OF MODERN TECHNOLOGY AND INCREASING POPULATION. IT IS VERY IMPORTANT TO KNOW ABOUT MANAGING AND IMPROVING OUR ENVIRONMENT.

PEOPLE IN MANY COMMUNITIES DUMP THEIR WASTES INTO LAKES, RIVERS, AND OCEAN. THE SEWAGE CONTAINS HARMFUL CHEMICALS AND HUMAN WASTES. SOME CHEMICALS ARE SAFE IN SMALL AMOUNT. BUT THEY CAN BE HARMFUL IN LARGE AMOUNT. BEFORE DRINKING WATER, MAKE SURE IT IS PATABLE. DRINKING WATER MUST DOESN'T HAVE TOO MUCH OF ANY HARMFUL CHEMICALS AND HARMFUL BACTERIA. WE CAN DO YOUR PART TO REDUCE WATER AND LAND POLLUTION.

PRACTICE THE THREE R'S, REDUCE, REUSE, AND RECYCLE. REDUCE MEANS TO DECREASE THE NUMBER OF ITEMS TO BE USED CHOOSE ITEMS WITH LESS PACKAGING. REUSE MEANS USING AGAIN THE ITEMS FOR THE SAME OR DIFFERENT PURPOSE. WHEN YOU REUSE SOMETHING YOU USE IT AGAIN INSTEAD OF THROWING IT AWAY AND BUYING A NEW ONE. RECYCLE MEANS TO CHANGE WASTE PRODUCT INTO A DIFFERENT FROM SO THAT THEY CAN BE USED AGAIN IF YOU CANNOT REUSE SOMETHING TRY TO RECYCLE, INSTEAD OF THROWING IT AWAY.

WE CAN DO SOMETHING TO MAINTAIN OUR ENVIRONMENT WE CAN MAINTAIN THE CLEANLINESS OF OUR SURROUNDING BY ACTIVELY PARTICIPATING AND FOLLOWING THE CITY ORDINANCES ON THE CLEANLINESS OF OUR ENVIRONMENT PRACTICE THE THREE R'S 'REUSE, REDUCE, AND RECYCLE' THESE PRINCIPLES ARE WAYS OF SHOWING CONCERN FOR OURSELVES AND FOR OUR ENVIRONMENT. IT IS VERY IMPORTANT TO KNOW ABOUT MANAGING AND INPROVING ONE'S ENVIRONMENT.
