Right of the student is you can complain to your teachers, if your teacher is having favoritism to the class, is unfair. As a student we have the rights to ask question to our teacher to what we don't understand in her lesson. We also have the rights to ask about our requirement on what to do. We can also complain to the teacher if the strategy of the teacher is not good. We can complain to the teacher if they are collecting money to us without any valid reason, this may fall in the means of corruption in the class. You have rights to tell to the teacher that she/ he need to stop on what she is doing in the class. We have to follow the rules and regulation of the school.
