Right to Live

We have the right to live in this world so that we can give happiness to our parents. Our parents give life to us so that we can live in this world.

The Right to Live

All of us have the right to see the world, and to enjoy the beauty of life. God has given us the chance to live for others, with others. It is stated in the law that every individual has the right to live, so as not to take away the lives of others, especially those of unborn baby (abortion).

The Right to Education

Education is the only treasure that no one can take away from us. It is a passport to a decent job, and it is the key for a successful life. Every child has the right to be sent to school and even to finish their college studies.

The Right to Vote

Voting is a means of expressing our voices in a way that we elect someone who is running for a particular position to be elected and serve us. Aside from that, being a citizen of this country, we need to abide the law and one way to do it so is to have the freedom to vote, hence, we need to exercise our right.
