For us young adult and the future generation it is our duty to keep our environment cleans we need to save it from being pollute. We are the one make it dirt so we also the one that is responsible to clean it.

The environment today is not clean like before because some people doesn't know how to serve proper disposal of waste. People should be discipline and to concerned to their surrounding. We nee p protect the earth from being pollute so that we can leave is a place that has a beautiful surrounding and so that some children are away from sick
