Zamboanga City

Each and every one of us has a freedom to share ideas, though, opinion about world peace because for obviously we are interacting with the environment, human fellow, civilization. To live peace and harmony we the fellow citizen, we should dimension of moral values, ethics, behavior and respect to fellow regardless their religion, races belief. So to build a friendliness relationship, common ideas having one single vision for world peace. So in this case, we should try to be united for having single purpose, vision world peace.
