The time when the Spaniards government ruled our country, Spaniards took away our right as a human. The government make us slaves to their people. They controlled us and conquer our country.

One of the rights that Spaniards violate our right is the right to speak out or the freedom of speech. Because Spaniards kept on ignoring our feelings about on how they ruled us, even though we know that they violate our right still we follow orders from them because we were afraid to fight them because we don't have the power and we were their slaves. The right to have our own harvested even though we strive hard for us to earn but the Spaniards get our earning. And lastly, the right to life. The Spaniards were so cruel, when the time they conquered our country, they put the Filipinos in prison whenever we don't follow their rules just like what they did to Dr. Jose Rizal.

That's why, Dr. Jose Rizal fight for our freedom and peace had brought back to us and so our right. Never let other people pull us down and be proud that we are Filipino.
