Universidad de Zamboanga
Zamboanga City, Philippines

The great world giving us the food and materials we need in life then we live here comfortable even animals so we need to care the great world because without them we can die as soon as possible. Now, think the great world is suffering to the people who those not have care to the great world, who throws the garbage anywhere even to the beautiful river and to cut many trees without thinking if ever he cut the trees without thinking if ever he cut the tree what happen to the great world or the places, why people like this there's no care to the great world.
