World peace is not war it mean to make friendship not enemy unlike here in Mindanao most of the Muslim does not like to peace without the government of the Mindanao. There are so many want to peace without to fighting to each other. World peace it means to be social to love people if what they are. The peace is really important in whole others countries to understand the peace whole others countries to understand the peace whole culture of tribe not to fight because of tribe we need to respect what is the tribe they are.

Our minds is sometimes confuse to the peace and war probably we need peace.
