According to the dictionary, world peace defines as an ideal of freedom. Peace and happiness among and within all nations/peoples or an idea of planetary non-violence by which nations willingly cooperate, either voluntarily or by virtue of a system of government that prevents wartime. Although the term is sometimes used to refer to a permanent end to global and regional wars with future conflicts resolved through nonviolent means.

Actually there are many ways to promote peace in the world but perhaps the best way is to promote it with ourselves. Peace is gradual and wonderful event that occurs because compassionate people are inspired to help others discover the joy of peace. Helping others also has the direct effect of increasing our personal peace and well being but there is merely of the many bonuses that come from sharing our kindness with our fellow human beings. Did we mention that is better to give than to receive?

Now here's a simple question for everybody that marks a lot to the mind of ever human beings; "How can we manifest peace on earth if we do not include everyone call races, all religions, all nations, both genders in our vision of peace?
