Peace begins with a smile; absolutely agree! It is said that a smile can light up a room. So imagine what a world of smiles can do. If every day, someone does something kind to somebody, it will create a ripple effect. Without peace a nation cannot make any progress. So, peace is ever desirable. But now-a-days if there be no peace, the whole human race will be destroyed.

World peace is not impossible. We have to create a new world with renewed human being that they would never fight and they would live as a family, in peace and harmony to finally find the dream of every peaceful individual.
