Peace and development required to improve in our society and also to our selves. Peace is very important to us. Because peace is part of our life and also being part in our society, if we don't have peace in our family, religion, culture and society can affect because there's no freedom, hope and unity. Development needed in our society upon which we examine our social environment if we have to develop.

Human Right

Human right are important in all people even though you are poor or rich people that rights can help you in your life to become better. Some people right now they don't know there right as a person, as a citizen in this country. Even if you are a poor you have a right to defend yourself. Some of rich people now a days they only listen to the people who has a lots of money and who is rich, they don't listen to poor person who had a right also to give his/her reasons. Now a days it has many human right that some people abuse it.
